

Simply Better

As the recognized leader in smoke detection technology, System Sensor has designed an innovative solution for open-area and high-ceiling applications: the BEAM1224 Series Reflected Beam Smoke Detector. This detector offers a single-ended solution that lowers installation and maintenance costs.

Speed and Simplify Installation

- Single-ended operation
- User-friendly alignment

Reduce False Alarms

- Automatic drift compensation
- Six sensitivity settings

Versatility to Meet Your Application Requirements

- Built-in sensitivity test (model BEAM1224S)
- Available remote test station

Call 800-736-7672 for more information and remember to ask for a free Beam Detector Applications Guide.

Accessories like the heavy-duty multi-mount kit increase the BEAM1224's application versatility.

advanced ideas. since 1984.
